To ask a question or to request further support, please contact Iain Jones, Head of Specification and Development: Email: iain.jones@dormakaba.com

Available CPD Material (5)

Requirements for Door Hardware on Fire Doors

This seminar looks at the legal requirements when choosing door hardware for fire doors. It will help you understand the following topics:

- Relevant legislation, Building Regulations and standards
- The requirements for door closers and their correct application to fire doors including, CE Marking and what classification codes mean
- The additional requirements for hardware to be used on fire doors, such as third-party fire certification
- What information to look for on fire door hardware product certification

This CPD can be delivered to you live and remotely. Register at: <https://www.dormakaba.com/gb-en/sales-support/mobile-showroom/webinars-1119292>

Demystifying Access Control: Everything You Need to Know...and Nothing That You Don't

This CPD presentation provides an essential guide to the key aspects of access control for anyone new to the subject or for those who would benefit from updating their knowledge. Starting with the fundamental question: What is Access Control? The presentation builds into an authoritative guide to understanding the latest hardware and software developments such as mobile phone app access and digital cylinders as well as highlighting standards, environmental and GDPR considerations.

The presentation draws to a close by demonstrating how small, medium and largescale requirements across a range of markets can be addressed successfully.
