Waterproofing Design and Installation

This CPD will discuss how to protect your client and company, comply with standards and deliver a project successfully. By the end of the CPD you should have a greater understanding of:

- How to interpret British Standards BS8102
- The different types and grades of waterproofing
- What legal precedence affects the waterproofing design
- Which systems can fail, how they can fail and remedial options
- How to avoid pitfalls and protect your client

Material type: Online Learning, Seminar

RIBA Core Curriculum: **Design, construction and technology**
Legal, regulatory and statutory compliance
