Smoke Curtain - An invisible shield of protection

Smoke Curtains: An Invisible Shield of Protection is a 1-hour educational seminar carefully tailored by Industrial experts with 30+ years of experience in Smoke barrier design, installation and manufacturing. The CPD seminar intends to educate attendees on Smoke curtains and their Different types of construction, Classifications, Applications, Role in SHEVS, Challenges in incorporation and Installation, Performance requirements and codes and compliance.

Furthermore, the session discusses the application of the Smoke curtains in Void Separation, Channelling and Smoke Compartments. The understanding enables the learner to choose a suitable alternative to aid the Open space design in Modern Architecture.

By the end of this CPD, delegates ought to understand:

1. Smoke Curtains and their different types of Construction.
2. Application of Smoke Curtains in Different Situations.
3. Role of Smoke Curtain in SHEVS.
4. Challenges in Incorporation and how it can be solved.
5. Performance Requirements and Codes and Compliance of Smoke Curtains.
