CPD Overview

We are the UK's leading provider of luxury wine storage, having created over 5,000 statement wine rooms and cellars both here in the UK and internationally. For over 40 years, we have been offering an unrivalled range of design-led and luxurious wine cellaring options to suit every client brief. Everything from eponymous underground cellars to bespoke wine rooms, cabinets and wine walls, all delivered by an adept and passionate team of designers, surveyors, project managers and installers.

We work both with architects, interior designers and developers to create wine storage solutions that will enhance their projects and with private clients. Our wine cellars, walls and rooms can be tailored to suit residential properties, luxury hospitality venues and corporate spaces.

Available CPD Material (1)

Go Underground and Give Wine a Home of its Own

'Go underground and give your wine a home of its own' is designed to give the audience a thorough understanding of the need for wine storage, how to store wine correctly and the benefits of underground wine storage, with technical background on the components and processes involved in constructing a prefabricated natural wine cellar.

The audience will come away from this seminar with the knowledge to advise their residential and hospitality clients on how best to store their wine collection.
