CPD Overview

Established in America in 1926, Bilco have for many decades designed and supplied access products for the construction and engineering industries all over the world. Since 1989 Bilco UK have built a reputation among architects, engineers, specifiers and the construction trades for providing the right access solution. Bilco manufacture a range of standard 'off the shelf product' for hatches, CE marked smoke vents, fixed and retractable ladders, and floor doors as well as providing a design service to meet special individual requirements.

Available CPD Material (1)

Access all Areas

Access all Areas with cover the following:

- Design safe access to the roof and through the floor.
- Safe movement around the roof. Safe access over fragile roofs and along valley gutters.
- How to use Natural smoke ventilators for infrequent roof access.
- Plan it, Design it, Specify it, the easy way for safe access all around the building envelope.
