CPD Overview

Lecico is one of the world's largest manufacturers of bathroom suites and fittings.

Exporting to over 50 countries worldwide, Lecico is one of the largest sanitary ware producers in the world and a significant ceramic tiles producer in the middle-east. Our factories in Alexandria, Egypt employ more than 5,000 people and have the capacity to produce more than 6.2m pieces of sanitary ware and 24.8m² of tiles per year.

Lecico manufactures a range of internationally certified sanitaryware products sold both under the Lecico brand and other manufacturers and customers under their own brands in over 50 countries. Lecico also produces a wide range of ceramic wall and floor tiles that are sold principally in Egypt and surrounding area. The factories are fully certified to ISO 9001/14001/18001 and hold approvals as well from national authorities such as NF, KIWA and TUV. All products supplied into Europe carries the CE/UKCA mark and is fully approved and tested.

In the UK, Lecico supplies and supports merchanting and distribution, supplying in bulk to national merchants, national buying groups, independent merchant groups and distributors. A team of 50 service the UK business from its base in Bedford.

Designing accessible bathrooms in non-residential buildings - Overview of Approved Document M of the Building Regulations

Document M (or Doc M) of the Building Regulations is one of a number of documents providing practical guidance for access to and use of buildings.

Doc M is split into 2 parts, volume one covers dwellings (domestic / residential dwellings) and volume 2 covers buildings other than dwellings (non domestic / residential dwellings).

This presentation focuses specifically on the guidelines and requirements of Doc M on sanitary facilities and considerations that need to be made designing or specifying sanitary products in non-residential buildings.

By the end of the CPD you should have a greater understanding of:

- How to confidently design sanitary facilities to ensure compliance with approved Document M of the buildings regulations
