CPD Overview

DAD-DECAYEUX has been designing and manufacturing steel security products since 1872 and was the first mailboxes manufacturer in Europe.

The postboxes also comply to Secured By Design requirements. DAD-DECAYEUX has been the first to manufacture mailboxes certified to TS009:2019.

2 hours fire-rated mailboxes are also available.

DAD-DECAYEUX also designs solutions for the management of parcel deliveries with solution such as MySmartBox. This electronic parcel lockers can be fire-rated and all made to order.

DAD-DECAYEUX also offers solutions to create a digital lobby with QR code controlled access control, a digital notice board and a mobile App. All managed via our cloud based backoffice.

Parcel Deliveries in Multiple Occupancy Dwellings. How to Cope with the Growth?

By 2040 it is predicted that 95% of purchases will be facilitated by e-commerce and this trend is gathering pace with the recent Covid-19 pandemic. This CPD will discuss the new solution to facilitate home delivery in multiple occupancy residence. The digital solution proposed functions to future proof buildings, help reduce of carbon emissions and ensure secure and contactless deliveries of online orders. By the end of the presentation you should have a greater understanding of:

- The most frequent problems with parcel deliveries
- Up to date statistics
- Future forecasts
- Available solutions
- How to specify the right products for specific developments

This CPD can be delivered to you live and remotely
