CPD Overview

Founded in 1947, SIAMP is a world leader in the design, manufacture and distribution of sanitary equipment. SIAMP has been innovating the sanitary industry for nearly 70 years with commitment to research and development. SIAMP continues to dominate the market with innovative technical solutions developing efficient equipment with guarantees hygiene and comfort with responsible water management.

A major player in the sanitary equipment market, SIAMP is continually striving to improve the viability, the efficiency and the design of its products. Toilet seats, wall frames, concealed cisterns, flush valves & inlet valves, SIAMP designs, manufactures and distributes a large range of products and systems for toilet equipment.

Worldwide partner to many of the major ceramic manufacturers and a comprehensive distribution network, SIAMP is in constant touch with this ever-evolving market. Understanding the markets requirements, with focus on sustainable development, SIAMP is therefore a source of innovations, supported by a large number of international patents.

Available CPD Material (1)

Specifying Sanitary Frames in Commercial & Hospitality Bathrooms

The CPD presentation is aimed at helping designers to identify factors that will help them correctly specify sanitaryware frames in commercial applications & hotel bathrooms.

By the end of the CPD you should have a greater understanding of:

- How to identify what is the correct sanitary frame for their needs
- The right product where water saving is a consideration
- The right actuation method for the location

Material type:

Seminar

RIBA Core Curriculum:

Design, construction and technology

Knowledge level:

Microlearning

Classifications

Subject/Product Areas (CI/SfB)

Fittings

- Sanitary and bathroom fittings > Basins and sinks, vanity units
- Sanitary and bathroom fittings > Shower cabinets, trays, screens
- Sanitary and bathroom fittings > WCs, toilets
- Sanitary and bathroom fittings > Urinals
- Sanitary and bathroom fittings > Bathroom accessories
