## CPD Overview

---

Profab Access Ltd lead the market in the design and manufacture of Access Panels & Access Panel Solutions for ceilings, walls, and partitions. Profab Access has a wealth of experience and expertise in providing access solutions for every type of situation. You can contact Profab Access Ltd safe in the knowledge that they will advise you on the most appropriate, quality, accredited, and cost effective solutions for your access panel and door requirements. Proud of their culture in design, and leading the field in accreditation, Profab are currently the only Access Panel manufacturer to achieve the independent Fire Rating 'Certifire.' They manufacture to ISO9001:2008 and ISO14001:2004 demonstrating our quality standards and commitment to ethical sourcing and sustainability. They have tested to all relevant BS/EN standards in Fire Protection & Acoustics and also meet UL fire standards for the International market. Specified for their design led approach, they can provide seamless integrated systems domestically and for the export market. Please contact their technical team for no obligation support in your Access solution.
