### Combined Pods - Where? Why? Critical success and design for manufacture and assembly (DfMA)

This presentation will give an overall understanding of Combined Pods, why we use them, where they go and what are the key drivers and benefits of using them. This presentation also covers Pre-Manufactured Value (PMV%), Design for Manufacture and Assembly and basic design principles including Specification, Pod design and Floor Plan Layouts.

Material type:

Online Learning

RIBA Core Curriculum:

Design, construction and technology

Knowledge level:

General Awareness
