## CPD Overview

---

We supply approximately 7 million M2 of carpet per annum globally, across wear classifications.

Featuring ready-made collections, collaborations with world class designers and fully bespoke solutions, we can service any project requirements.

As a socially and environmentally focused business, our award-winning carpets are 100% Cradle to Cradle™ certified.

## Available CPD Material (2)

---

### Advanced Carpet Technology

This seminar explores best practices, regulatory requirements and solutions for the design and installation of commercial carpet. Drawing on case studies and supporting data from independent sources within the industry, it explores product types and provides accurate information to allow the participant to gain valuable knowledge of carpet design & installation through the very latest methodologies and capability in carpet production technology.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

---

### Comprehensive Carpet Production and Factory Tour - Herning , Denmark

We're delighted to invite RIBA members to visit our global headquarters in Herning, Denmark, in order to gain a comprehensive understanding of the most advanced carpet production technology available in the industry. The benefits of understanding the constituent elements involved in the overall process can be effectively applied to any given project to ensure the very best performance and assure client satisfaction.

- Total freedom of design
- Undisputed performance standards
- Fast track deliveries guaranteed
- Dramatic reduction in seams (weak spots) to enable fast track simplified installation
- Suited to any budget

The tour is run over two days and applications from interested parties are very welcome – we love to show-off our incredible space and impressive capability!

Material type: Factory Visit
