CPD Overview

Specialist Door Solutions Ltd are a client focussed manufacturer of 'state-of-the-art' Fire-Rated doorsets.

Having developed our technology over the last 40 years we have extensive in-house manufacturing capacity and provide co-ordinated packages incorporating doorsets, hygienic cladding, bump rails and wall sheets.

Our 'Defend', 'Hydroclean', and 'Durablend' brands are now recognised as market-leading products. Through a programme of research and development we continue to roll out new processes and products which keep us at the forefront of the industry.

Meeting Compliance in Healthcare Doorset Design

This CPD is about meeting compliance in healthcare doorset design, focusing on PVC post formed doorsets and how they can improve multiple areas of compliance and infection control. We will look at the durability of PVC, long term value, maintenance costs, when to use PVC post formed doorsets and how they can improve hospital environments. This CPD will help you to understand the following topics:

- Doorset design
- PVC post formed doorset functionality
- PVC post formed doorset compliance
- How PVC can assist infection control
- Problems faced by doorsets in hospitals
- Maintenance of doorsets

This CPD can be delivered to you live and remotely

Material type:	Online Learning, Seminar
RIBA Core Curriculum:	Design, construction and technology Health, safety and wellbeing
Knowledge level:	General Awareness
