### Anti-Slip Shower Tray: The Next Generation

This seminar is about the properties of anti-slip shower trays. It will help you to understand the following topics:

- Understand what properties make a good anti-slip shower tray and the tests which should be applied
- Understand whether the anti-slip properties are an integral part of the shower tray design or an applied coating
- Understand whether slip resistance properties have limitations for the life of the shower tray
- Understand whether slip resistance values take account of likely contaminants found in the shower tray such as soap suds
- Understand the best installation techniques

Material type:

Seminar

RIBA Core Curriculum:

Design, construction and technology

Knowledge level:

General Awareness
