*Rely on it.*

## Available CPD Material (1)

### PVC as a Flexible Decorative Surface

This CPD seminar looks at PVC films and their use as a decorative surface material. It will help you to understand the following topics:

- Understand PVC and its common uses within interior construction projects
- Understand the different types of films available and their market applications
- Understand the advantages of PVC films over alternative decorative surface materials, including issues such as impact, staining and colour
- Understand the applications for 2D and 3D films

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

## Classifications

### Subject/Product Areas (CI/SfB)

Structure
