CPD Overview

Bostik is a global brand and one of the largest adhesive and sealant companies in the world. Its construction division designs and manufactures products for the widest market sectors including flooring, tiling and insulating glass as well as specialist products for HVAC, asbestos abatement and products for fire protection. Additionally the company manufactures a range of construction sealants as well as a collection of standard coatings for specialist roofing applications. Quality is of paramount importance with all manufacturing processes controlled to ISO 9001: 2008 and ISO 14001 standards.
