CPD Overview

Based in Manchester, England, Polyflor is a leading manufacturer of commercial and domestic floorcoverings, distributing to over 120 countries worldwide. The company is constantly striving to improve processes and products to reflect the changing demands of the marketplace, investing heavily over the years to enhance and expand its product portfolio and provide added value for its customers.

As a responsible manufacturer, sustainability and minimising environmental impact is critical to our business ethos. Polyflor holds environmental management system, ISO 14001 certification and is the first flooring manufacturer to achieve a 'Very Good' rating for Responsible Sourcing certification, BES 6001. In accordance to BES 6001, we have a clear vision of our challenging objectives and target dates in which to accomplish them. These objectives for continual improvement permeate throughout the whole of Polyflor's products' life cycle.

Polyflor now manufactures a wide range of BRE A+ rated commercial vinyl flooring: Safety flooring; homogeneous vinyl floors; sports flooring; acoustic flooring; heterogeneous floors; luxury vinyl tiles; semi-flexible tiles and electrostatic discharge (ESD) flooring, all of which can be recycled in the UK via the market leading recycling scheme, Recofloor. Rubber tiles as well as wall cladding are also available.

Available CPD Material (3)

Specification of Safety Vinyl Floorcoverings

This CPD will cover the following topics:

- Health and Safety issues
- Legislation
- Safety flooring characteristics
- Slip resistance test methods
- Applications
- Industry standards
- Detailing
- Maintenance
- Sustainability

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**
Health, safety and wellbeing

Knowledge level: General Awareness

Specification of Vinyl Floor Coverings

This seminar will cover the following topics:

- Knowledge of different vinyl flooring types
- Understanding of properties of applications, including design possibilities
- Regulations/ guidelines
- Installation of maintenance
- Sustainability
- Increased confidence in specification

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

Specification of Dementia-Friendly Flooring

This CPD will cover the following topics:

- Understanding of what is dementia
- Types & symptoms of dementia
- Design to support living well with dementia
