CPD Overview

HEWI inclusive systems offer a range of stylish and compliant accessible bathrooms.

HEWI's contemporary designs combine innovative functionality with intuitive installation technology, allowing our clients to create aspirational accessible spaces.

The HEWI solution ranges fulfill the requirements of all building types and user groups – whether in a Hotel, Public Building, Hospital & Care or Changing Places facility, HEWI have a solution to compliment the design and function required.

Barrier Free Bathrooms. Design and Function for all

This seminar highlights the availability of accessibility/sanitary products and illustrates how contemporary design can be used to create beautiful accessible bathrooms which are not only functional but comply with current regulations and the requirements of people with disabilities. By the end of the CPD you should have a greater understanding of:

- Why well-designed accessibility spaces do not need to look institutional
- How well designed accessible spaces can contribute to the physical but also the mental wellbeing of their users.
- How to interpret the regulations to promote inclusive design
- The different requirements required to cater for the various demographics- we don't all want the same

Material type: Online Learning, Seminar

RIBA Core Curriculum: **Design, construction and technology**
Inclusive environmentsKnowledge level: General Awareness

Multiple formats

Door Furniture for All to Handle

This seminar offers highlights perceived problems with The Equality Act, BS 8300:2001 and Part M of the building regulations relating to door furniture and offers solutions. The seminar looks at these three pieces of statutory requirements, where we are and how we got there. Some time is spent discussing what is "reasonable" regarding Document M, what are Light Reflectance Values and why they exist.

We can provide this CPD as an online meeting. Please send any requests to info@hewi.co.uk

This material was assessed in 2012.
