CPD Overview

Kawneer offers a comprehensive range of architectural aluminium building products and systems which include unitised curtain wall solutions, 'stick' curtain wall, windows, doors and framing systems.

Kawneer's global brand offers design expertise, combined with aluminium's flexibility and recyclability, making our building systems and products the right solutions for today and tomorrow.

At its HQ and factory in Runcorn, the company extrudes, adds the thermal break technology and finally paints in its own Qualicoat licensed chrome free paint plant. This offers total control of the supply chain.

Available CPD Material (4)

Windows for Health: Specifying for the Healthcare Market

This seminar will help you to:

- Understand what the key drivers are within the healthcare sector
- Understand who the decision makers are
- Specify with the end user in mind
- Identify the most popular window types

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

Offsite Construction - Unitised Curtain Walls

This seminar aims to help architects understand the benefits of offsite construction and how unitised curtain walls are tested, manufactured and installed. It discusses modern methods of construction, the testing regimes and installation.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

Curtain Walls: Classification, Design and Testing

This seminar aims to give specifiers an understanding of design concepts relative to weathertightness in curtain walls, their classification based on fabrication/installation, and the testing regimes with which they have to comply.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

Aluminium Windows- Sustainability and Specification

This seminar aims to provide an understanding of the options available when specifying windows for the different applications they may have.

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**
