---

## CPD Overview

---

Armitage Shanks supply bathrooms for the domestic, commercial and industrial sectors. They have 180 years of experience in producing practical and innovative solutions for all applications.

---

## Available CPD Material (4)

---

### Designing a Washroom with BIM

This CPD is aimed at newer designers, with knowledge on the fundamentals of washroom design and BIM but who would like to learn more about BIM and how to use it in the context of specifying a washroom. It may also be a useful refresher for the more seasoned designer and BIM enabled practitioner. It will help you to understand the following topics:

- Understand the need for BIM
- Understand BIM data and geometry standards and levels of definition
- Understand specification guidance for washrooms
- Understand visualisation and modelling considerations
- Understand sanitaryware selection

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

---

### Commercial Washroom Design Parameters

This seminar looks at the design parameters for commercial washrooms, calculation of washroom provision, types of washrooms and design configuration requirements. It will help you to understand the following topics:

- Understand how to interpret the Building Regulations, HSE requirements and industry standards
- Understand how to interpret technical standards such as BS 6465-1, BS 6465-2 and BS 6465-4
- Understand how to interpret British Standard BS 8300 for accessible washroom provisions
- Understand the BCO guide to specification for office washroom provisions
- Understand BREEAM sustainability requirements

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

---

### Hospital Infection Control and Sanitary Fittings

This seminar is about infection dangers around hospital sanitary ware and the strategies that can be adopted to cut down bacteria growth risks with product design. It will help you to understand the following topics:

- Understand the types of pathogens that grow around sanitary fixtures and fittings
- Understand the relevant regulations and guidelines
- Understand how design of fittings, including basins and WCs, can aid disinfection and cut down opportunities for bacteria growth

Material type: Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness

---

## Part M Solutions... Sanitary Accommodation

The aim of this CPD is to address all the requirements and issues to comply with Part M of the Building Regulations.

It covers the type of buildings affected, locations in the building, layouts, specific product specification requirements and surrounding finishes.

## Classifications

---

### Subject/Product Areas (CI/SfB)

#### Structure

Internal walls, partitions > Cubicles, washroom panels

#### Services

Hot and cold water > Taps, waste fittings etc.

Hot and cold water > Valves, stopcocks

#### Fittings

Culinary washing and waste disposal > Domestic sinks

Culinary washing and waste disposal > Catering sinks

Sanitary and bathroom fittings > Baths

Sanitary and bathroom fittings > Basins and sinks, vanity units

Sanitary and bathroom fittings > Communal washing troughs and fountains

Sanitary and bathroom fittings > Bidets

Sanitary and bathroom fittings > Shower cabinets, trays, screens

Sanitary and bathroom fittings > Shower fittings and controls

Sanitary and bathroom fittings > WCs, toilets

Sanitary and bathroom fittings > Urinals

Sanitary and bathroom fittings > Cabinets and shelving

Sanitary and bathroom fittings > Bathroom accessories

Special fittings > Hospital, medical, dental fittings

#### Special activities, requirements

Environment for the disabled and elderly > WCs, WC seats, urinals and bidets for accessibility

Environment for the disabled and elderly > Rails for accessibility

### RIBA Core Curriculum areas

#### Design, construction and technology

Knowledge level: *General Awareness*

#### Inclusive environments

Knowledge level: *General Awareness*

#### Legal, regulatory and statutory compliance

Knowledge level: *General Awareness*
