## CPD Overview

---

REHAU delivers "Unlimited Polymer Solutions," and is a premium brand for polymer-based innovations in building solutions and industry. Our expertise and innovative capabilities generate growth in materials development, systems design and surface technology. More than 15,000 employees at more than 170 locations ensure success of our independent, privately held company.

Our window and door systems are suitable for private and public sector refurbishment or new build projects in commercial and industrial as well as residential properties.

REHAU systems are approved under BSEN 12608, which incorporates BSEN ISO 9001, and has achieved a Severe Climate Classification. Systems are also approved by BBA. Finished windows have been tested to BS6375 Parts 1 and 2 and PAS23/24 for doors.

Window range - casements, tilt&turn, vertically sliding sash, fully reversible & horizontal pivot. Door range - French doors, residential, patio and folding doors. We also offer a composite curtain walling system offering excellent thermal efficiency and a window and door system which is certified to Passivhaus standards.

We have a Commercial Sales Team offering advice and support on specification, site requirements and tender proposals. They have access to REHAU's Technical and CAD departments to assist when required.
