CPD Overview

Available CPD Material (1)

Multiple formats

The Application & Specification of Stainless Steel finishes

Take an in-depth view on the makeup of, and key considerations to look for when specifying stainless steel. Understand its benefits and green credentials, as well as the full range of material finishes manufacturers can offer for projects.

By the end of the CPD you should have a greater understanding of:

- The different grades of stainless steel
- How to confidentially specify the correct grade of stainless steel of its intended use
- The 100% recyclability of stainless steel and part of the circular economy. Understanding the design life and benefits of stainless steel
- The ColourTex (the process of coloured stainless steel)
- The difference of PVD stainless steel (Physical Vapour Deposition)

Material type:

Online Learning, Seminar

RIBA Core Curriculum:

Design, construction and technology

Knowledge level:

General Awareness

Classifications

Subject/Product Areas (CI/SfB)

Finishes

Finishes > Metal panels, sheets

Wall finishes: external > Wall cladding panels

General products

Malleable sheet metal > Sheet metal

Rigid sheets, boards > Composite rigid sheets

RIBA Core Curriculum areas

Design, construction and technology

Knowledge level: *General Awareness*
