CPD Overview

Ayrshire Metals are one of Britain's leading manufacturers of cold rolled steel profiles, offering quality products & reliable service. With over 50 years specialist experience, their Quality Management systems comply with BSEN ISO 9001 & their products are manufactured in accordance with BSEN 1090-1 & 1090-2 to execution class 4.

Available CPD Material (1)

Multiple formats

Build Fast and Light with Confidence

After attending this seminar you will:

- Have a better understanding of cold rolled steel sections (CRS) and their application
- Have an improved awareness of light weight steel building systems, including features and benefits
- Be able to make a more subjective choice between light weight steel and alternative solutions
- Be more confident in selecting and specifying cold formed steel solutions
- Be better equipped to compare similar systems, in terms of application, performance and support

Material type: Online Learning, Seminar

RIBA Core Curriculum: **Design, construction and technology**

Knowledge level: General Awareness
