Available CPD Material (2)

Hostile Vehicle Mitigation (HVM) and Industry Standards

This CPD aims to provide an overview of Hostile Vehicle Mitigation (HVM). Topics covered include application on site, different standards within the industry and how to understand the ratings, future of HVM standards and examples of HVM rated products in recognizable locations. By the end of the seminar you should have a greater understanding of:

- How to assess a site for HVM requirements
- Understanding of key existing standards
- Difference between key standards
- Memory of examples of crash rated products

Material type: Seminar
RIBA Core Curriculum: **Design, construction and technology**
Health, safety and wellbeing
Knowledge level: General Awareness

Accreditations in Fencing

This seminar looks at security fencing. It will help you to understand the following topics:

- Why fencing applications require accreditations
- What accreditations are available on security fencing
- Which accreditations you should use on your project and the importance of choosing the right application at the design stage

Material type: Seminar
RIBA Core Curriculum: **Design, construction and technology**
Knowledge level: General Awareness

Classifications

Subject/Product Areas (CI/SfB)

Structure

Balustrades > Guard rails [railings]

Balustrades > Guard rail panels

External works

Enclosures: fencing, gates etc. > Fencing

Enclosures: fencing, gates etc. > Gates and barriers

Engineering

Communications, security, safety and protection systems > Access control systems

RIBA Core Curriculum areas

Design, construction and technology

Knowledge level: *General Awareness*

Health, safety and wellbeing
