CPD Overview

Established in 1983 and still family run to this day, Jewers Doors operate from a state of the art facility in the heart of Bedfordshire. Employing around 50 highly skilled and experienced staff, Jewers Doors design and manufacture door systems that incorporate the very latest concepts and technology.

Our core services include:

Available CPD Material (1)

Manually Operated Industrial Folding Doors

This presentation is an insight into the key features and benefits of the use of manually operated folding doors on industrial and commercial applications.

Through this presentation, you will learn how best to utilise this door system as well as how sustainable it is. We will go through any long term maintenance issues and see examples of how this door system can be used.
