## CPD Overview

---

Addagrip Terraco Ltd, part of the Terraco Group, is a resin manufacturing and formulating company specialising in producing a wide range of resin based surfacing products for external and internal use. Addagrip is a leading manufacturer of Resin Bonded and Resin Bound surfacing for external hard landscaping projects which includes the following porous surface finishes, Addaset, Addabound Resin Bound surfacing incorporating a recycled content, Terrabound, Terrabase Rustic, Terrabase Classic, Addaflex-R, Stonebound, Addacolor, Addastone TP and the non-porous Resin Bonded finish Addastone.

Addaset, Addabound and Terrabound resin bound porous surfacing systems are BBA approved

The company also supplies external wall coatings and renders, industrial resin floor coatings and screeds, together with the Addagrip 1000 system used to protect frost damaged and spalled airfield pavements. Addagrip Terraco also supply a range of Terraco finishing materials including Handycoat and Sprayplaster.

## Available CPD Material (1)

---

Multiple formats

### SuDS Compliant External Resin Bound Surfacing

This CPD aims to discuss SuDS Compliant External Resin Bound Surfacing. It will explore resin bound surfacing as a solution, the advantages and disadvantages of the surface, the benefits of permeable paving, base build ups and substrates and technical information. It will finish with a variety of case studies. By the end of the seminar you should have a greater understanding of:

- How to correctly specify resin bound surfacing
- How to prevent incorrect applications
- Approvals and standards within the external surfacing industry
- The range of applications resin bound surfacing can be used for

This CPD can be delivered to you live and remotely
